

MICHIGAN GAS CUSTOMER CHOICE CONTRACT ENERGY SUPPLY TERMS AND CONDITIONS — Michigan 12-month Fixed Rate

These Terms & Conditions contain important information regarding your natural gas contract with Volunteer Energy Services, Inc. ("VE"). VE is an Ohio corporation licensed by the Michigan Public Service Commission as an alternative gas supplier operating under the guidelines set up by Michigan's various natural gas utilities. As a supply customer of VE, your signature on this contract binds you to the terms and conditions contained herein.

Natural Gas Service – VE shall supply 100% of the customer's necessary natural gas supply needs. If the customer requires assistance with matter regarding delivery of gas, meter reading, billing and other traditional utility functions, they will continue to contact their respective utility. In the event of an emergency or loss of service, the customer should contact their utility. The customer will continue to pay their bill to their gas utility.

Term – The term of this contract shall commence from the acceptance of your enrollment by the Customer's Gas Distribution Company (Utility) and shall continue for 12 months (the "Fixed Price Period" or "Initial Period"). Upon expiration, service will then continue on a month-to-month variable rate basis cancelable at any time without penalty.

Pricing – During the Initial Period, customer will be billed at the rate agreed to by the customer. After the Initial Period, natural gas to the customer will be billed at a monthly variable rate, exclusive of sales tax. The price will be based upon an approved Index or the NYMEX market plus an adder for basis, transportation, fuel shrinkage, storage, pooling and balancing fees plus any associated costs for redelivery to the customer's burner tip. e.g., VE buys gas at \$4.00 per Mcf plus a fluctuating adder (based on market conditions and costs), which can change monthly. An adder might be \$0.99, making your gas costs \$4.99, or, depending on market conditions, \$1.99 making your gas costs \$5.99. VE works hard to keep the adder as low as possible, but as in these examples, it does fluctuate monthly.

Billing & Payment – The customer will receive a single bill from the utility, which must be paid according to the payment terms established by the utility.

Cancellation/Termination – The customer has a 30-day unconditional right to cancel the contract without termination fees following the date the customer signs this contract. Fixed Rate Customers with an Initial Period of twelve (12) months who terminate their Contract after the 30-day cancellation period but before Initial Period expiration will be subject to a Termination Fee of fifty dollars (\$50.00). Fixed Rate Customers with an Initial Period of twenty-four (24) months who terminate their Contract after the 30-day cancellation period but prior to Initial Period expiration will be subject to a Termination Fee of one hundred dollars (\$100.00). A customer may change suppliers one time in any 12-month period at no cost to the customer; however, if you return to the utility you must remain for 12 months. A fee of \$10 will be required for each additional change of supplier within the same 12-month period. The customer may cancel this contract by written or verbal notice at any time.
